# CS201 NEWSTAR PC SPLITTER, AT/SERIAL

The CS201 is a 2-port PC splitter.

The NewStar 2-port PC Splitter is a powerful micro-processor controlled PC sharing device enabling up to two users to use one computer. With up to two sets of keyboards, mice and monitors, this multi-user-single-task device is ideal for any small office environment.

All programs, files, data. And resources can be easily shared without the knowledge of network. The NewStar Console Sharing Device integrates very well into NewStar KVM applications
